PREFACE.

PREFACE.

This volume contains the National Numbers 31001 to 32000. In the publication of the Lineage Book from year to year, the Index of the Roll of Honor, shows an astonishing increase of new records. It was at first supposed that new applicants would come from other branches of the same families as the earlier members,—on the contrary such interest has been aroused that ancestors on other lines have been found and in some cases we have Daughters who have records of sixteen ancestors.

The descendants of General Israel Putnam and John Hart, Signer of the Declaration of Independence, are the most numerous of any in the organization.
